

#### ABOUT THE PROGRAM

If you're looking for an inexpensive car that may need a little work, you've come to the right place!

Each month you can place bids between the 1st and 15th, and from the 16th to the end of the month. Vehicles up for sale are located in the bid lot located on Mississippi Strasse on Hainerberg, across from the Wiesbaden Entertainment Center (Bldg. 7791).

Cars are sold through Sealed Bid, Buy-It-Now or Open Auction. All the vehicles up for sale have been donated to the Auto Skills Center. Most vehicles are sold "as is" with no guarantee. Some vehicles may offer an inspection guarantee, so this should be considered when deciding on a purchase.

#### ELIGIBILITY REQUIREMENTS

This program is open to all US ID Card holders. Retirees are eligible only if they are able to register the vehicle with USAREUR vehicle registration. Auto Skills reserves the right to reject any and all bids.

#### CONTACT

Rennbahn Strasse 12  
65205, Erbenheim (GPS Only)

Clay Kaserne North, Bldg. 3500  
0611-143-548-9817 | 548-9817

#### THINGS TO CONSIDER BEFORE BIDDING ON A VEHICLE

Most vehicles will need work before they can pass inspection. We can help! Pay attention to the faults identified by the Auto Skills Center and remember: This does not guarantee that all faults have been identified. If it's a US spec car, parts will take longer to receive.

Make sure you have the money to pay for the car. You must pay within three working days after you are contacted or we reserve the right to contact the next bidder. US dollars, credit/debit cards and checks are accepted.

You will need to place the vehicle in storage if it needs to be registered Non-Op. This will cost \$2 per day.

You must register the vehicle with USAREUR within seven days of purchase. You will be issued 30-day temporary tags so you can drive the vehicle and go through inspection.

When we say "vehicle is sold as is" that means you accept the vehicle with all of its faults; both known and unknown. No guarantee is implied.

#### TIPS FOR SMART BIDDING

Inform yourself about the vehicle you wish to bid on. Know the value of the car before bidding and consider what needs to be fixed and how much it will cost. To find the value of US spec cars you can go to Kelly Blue Book at [kbb.com](http://kbb.com) or NADA at [nadaguides.com](http://nadaguides.com) to get an idea of what you are willing to pay.

To estimate the value of European cars, you can compare prices at [www.mobile.de](http://www.mobile.de). You can change the language to English on this site.

Make sure your point of contact information is correct and legible.

Check parts availability and prices. The Auto Skills Center can give you information on sources for both new and used parts.

Pay close attention to the faults listed by the Auto Skills Center staff posted in the vehicle window.

#### HOW WE CAN HELP AFTER YOUR PURCHASE

The Auto Skills Center is there to assist you after your purchase, too. We offer a place for you to work and maintain all the tools you need.

We offer many repair services from an experienced and ASE-certified staff. If you lack the confidence to perform the work yourself, then talk to us about your needs and we will gladly help you out at a price you can't beat.

#### THE PROCESS

1. You pay for your car at the Auto Skills after being contacted. We accept US dollars, credit/debit cards and checks.
2. Auto Skills provides the paper work for registering the vehicle.
3. You acquire your insurance.
4. You take the papers to Vehicle Registration to obtain temporary plates. You have 30 days with these plates to drive the car and make any repairs if needed.
5. You return to the Auto Skills Center with proof of insurance and registration and are issued the keys. You're on your way in your new ride!
