Week 1

17-21 Jun

Welcome Summer Time!

We have missed you! We begin summer fun by learning how to protect ourselves from the sun. Eat fresh watermelon and learn our classroom routine.

Week 2:

24-28 Jun

Traveling the Globe

The best way to learn new cultures is through travel. Bring in pictures and memorabilia of places you've visited. And join us for a trip to the bowling alley for some fun!

Week 3

1-5 Jul

Stars and Stripes

This year marks 243 years of Independence. Join us for a red, white and blue picnic to celebrate wearing only those colors.

Week 4

8-12 Jul

Farm Life

Our class will venture over to Domäne Mechtildshausen to visit the animals and learn how the farm thrives. We see first hand how food makes it from the field to our tables.

Week 5

15-19 Jul

Stomping With Dinosaurs

Let's dig our way to the past. We will explore the various creatures from history and possibly bring some home with us!

Week 6

22-26 Jul

Under the Sea

Take a dive into the depths of one of the most unexplored habitats. We'll learn what creatures lurk in the dark. Even get a little wet with sprinkler play.

Week 7

29 Jul-2 Aug

Green Earth

We share this planet with animals, insects, and plants. We'll learn how to live a green lifestyle and visit local community gardens.

Week 8

5-9 Aug

Cooking

It's never too early to learn kitchen skills. Our friends will practice mixing ingredients and labeling kitchen utensils. A behind-the-scenes visit is a must to the DFAC kitchen.

Week 9

12-16 Aug

Zoo Animals

We will learn all about the animals that live in a zoo. To wrap up the summer we will visit Opel Zoo.

Week 10

19-23 Aug

End of Summer BBQ (TBA)

Summer is coming to an end, and school will begin. Join us for our last summer hoorah with a family BBQ. We will recap the many journeys we had throughout the summer.
