Why a Family Life Center?

Your counseling is customized

At the Chaplain Family Life Center, we recognize that your concerns, history, personality, and resources are unique. So we tailor our work to empower you with the self-awareness, knowledge, and skills **you** need for **your** journey.

We help you clarify *your* goals and possible obstacles, team with you to develop realistic steps to success, and support you throughout the process.

Want a professional coach for your marital communications? We help you hear and talk to each other's heart issues. Feel overwhelmed by tragedy? We walk with you at your pace. Is your child struggling with difficult emotions or behaviors? We work with them on their level and their concern.

You also get a team of counselors

Even between your meetings with your Chaplain, we are working for you. Our Chaplains meet monthly to review your progress & concerns, and brainstorm and pray for your success. We also train together and consult individually on eight models of researched-based therapies for the best quality of care appropriate to your needs. We never stop working for your success!

Why a Family Life Center?

Sometimes you want help but with a little more privacy. You can still meet with your unit Chaplain, with a Chaplain of your religious preference, the Family Life Chaplain, or any combination.

We have workshops for groups

Created for Connection

Explore how married couples connection with each other can be a reflection of a secure connection with God, the ultimate giver of secure connection. Through classes catered to your group you will see a Biblical world-view of intimacy with God and with your spouse.

Prepare and Enrich

More than 4,000,000 couples have prepared for marriage or enriched their relationship through taking the P/E assessment and working with a Certified Facilitator. The assessment itself has been proven to improve relationship satisfaction; however there is something extraordinary about the relationship a Facilitator develops with a couple that truly helps the couple grow more than they would on their own.

Why a Family Life Center?

Because support is critical when you need it the most. We know it's challenging to serve your country in combat tours, move constantly, and be stationed away from family and friends back home. But you don't have to try to do it alone. Join those of all ages, ranks, and walks of life who have benefited from confidential, professional counsel. Come by or give us a call!

Positive Parenting Tip Tuesdays

We provide a positive parenting technique our parents can add to their parenting tool boxes!

POSITIVE LANGUAGE ALTERNATIVES *to tame a child's tantrum*

Calm down.	→	How can I help you?
Stop crying.	→	I can see this is hard for you.
You're ok.	→	Are you ok?
Be quiet.	→	Can you use a softer voice?
Don't hit.	→	Please be gentle.
Stop yelling.	→	Take a deep breath, then tell me what happened.
Don't get upset.	→	It's ok to feel sad.
That's enough.	→	Do you need a hug?
I'm over this.	→	I'm here for you.

What parents need to know about **zoom**

ZOOM BOMBING
Zoom bombing is the term used to describe unauthorized access to a Zoom meeting. This can happen if a user has a weak password or if the meeting is public. Zoom has implemented several security measures to help prevent this, including requiring a password to join a meeting and the ability to lock a meeting.

RISK OF PHISHING
The ease of creating a Zoom account has led to an increase in phishing attempts. Phishing is a type of cyber attack where someone sends you a message that appears to be from a legitimate source, but is actually from a hacker. The goal is to trick you into giving up your login information or other sensitive data.

PRIVACY CONCERNS
Zoom has been the subject of several privacy concerns. Some people have reported that their data was being sold to third parties. Zoom has responded to these concerns by updating its privacy policy and implementing stronger security measures.

LIVE RECORDINGS
Zoom has the ability to record meetings. This can be a useful feature for businesses and educators, but it can also be a privacy concern. It's important to be aware of who is recording a meeting and what data is being collected.

PRIVATE ZOOM MEETINGS
Zoom has a feature called "Private Zoom Meetings" which allows users to create meetings that are only accessible to invited participants. This can be a useful feature for businesses and educators who want to ensure that their meetings are secure.

LIVE STREAMING RISKS
Zoom has the ability to live stream meetings. This can be a useful feature for businesses and educators, but it can also be a privacy concern. It's important to be aware of who is live streaming a meeting and what data is being collected.
